WHY DELTA EPSILON PSI

"We don't turn boys into men, we turn men into leaders." Delta Epsilon Psi has continuously been recognized, especially here at Iota Chapter - San Antonio, our goals are structured both for the growth of the Fraternity and the individual. Additionally, our extensive social involvement and campus leadership allows us to stay on top of campus wide events. We aim to provide a basic network for members to succeed academically and to unite members closely to the community, transcending religious and regional barriers within our community, and creating an awareness of South Asian needs and problems to the community. Delta Epsilon Psi was not created to separate a group from the whole, but rather to instill the ideas of a whole into a body of unified men.
